

Kristina Donohue

As Director of Mission Advancement and Board Development at the Florida Chamber of Commerce Foundation, Kristina Donohue leads strategic initiatives aimed at reducing childhood poverty and expanding economic opportunity across Florida. With a deep commitment to creating awareness about the barriers many Florida families face, Kristina works closely with cross-sector partners, including business leaders, nonprofit organizations, and policymakers, to advance solutions that address the root causes of generational poverty.

Guided by the Florida 2030 Blueprint and the goals of The Florida Prosperity Initiative, Kristina is focused on building and connecting networks, that ensure every child, regardless of ZIP Code, has access to the tools and support needed to achieve earned success. She is excited to continue the Prosperity Initiative's work of strengthening its data-driven approach to collaboration, policy advocacy, and community engagement to create measurable change.

Kristina brings over 20 years of experience in community engagement, and a passion for creating pathways that empower families and transform communities. Kristina's work reflects the belief that prosperity and self-sufficiency is possible for all Floridians when we work together to remove barriers and invest in people.
